**MMCOMNET is a Specific Targeted Research Project (STREP) funded by the European Commission under the 6<sup>th</sup> Framework Programme (Contract No. 12999), with a total contribution of €1.5m over 3 years. The project is supported via the NEST Pathfinder Initiative on *Tackling Complexity in Science*. NEST (New and Emerging Science and Technology) activities aim to support unconventional and visionary research, with a view to helping European scientists to take a lead in pioneering new fields.**
